

Target Bullying Intervention Program (T-BIP)

FREE individualized intervention provided by **trained specialists** for students ages 7-18 years who have been involved in bullying

This unique research-based intervention is:

- **INDIVIDUALIZED:** One-on-one, three-hour session tailored to each student
- **PREVENTATIVE:** Uncovers and addresses why the student bullies others
- **TEAM-FOCUSED:** Solution-focused report reviewed with the student, parents, and school staff with specific recommendations for stopping the bullying dynamic

For more information or to refer a student, contact Ana Damme at:
